

Tenerife - one bedroom apartment available for holiday let.

GOLF DEL SUR SAN MIGUEL DE ABONA

Located in the sunny south of Tenerife, just a few minutes drive from the island's international airport, and nearby to the popular Playa de las Americas and Los Cristianos resorts is GOLF DEL SUR, one of Europe's best golf and leisure complexes. Covering about 410 acres of land, Golf del Sur is in essence a town with a golf course running through it, catering not just for the golfer but also for families who require a more up-market area, where the environment is clean and the scenery beautiful. If you are a golfer, then paradise awaits you here! If you think there is no better way to relax than on gloriously sunny championship fairways, then look no further than Tenerife, which has the only golf courses in Europe where you are guaranteed to be able to play with the sun on your back at Christmas. Developed along the coast between the little fishing village Los Abrigos and Amarilla Golf, residents of Golf del Sur enjoy fabulous unspoiled views of the Atlantic Ocean as well as the mountains.
