

Archer Electrical

CASE STUDY/HEALTHCARE/ 040 APRIL 09

CLIENT: CO-OP PHARMACY  
 LOCATION: Widnes  
 DESCRIPTION: Full Electrical Installation  
 DATE: April 2009

Our success with pharmacy installations has now developed a reputation for ourselves as specialists to the Pharmacy Sector. We are continuing to develop excellent working relationships with more and more Pharmacy Clients who have found our experience and expertise within this field a major benefit when choosing us to work with them. National Co-op Pharmacy are now enjoying our services as part of their extensive re-fit programme.

Testimonial:  
 What the client said:

*"It is not very often we receive praise on jobs and only tend to hear about the projects that have not gone so smoothly, so I would like to take this opportunity to pass this praise on to yourselves and all members of your team. In the current climate it is more important than ever to excel in our customer service for building good relations with our existing clients to try and build up repeat business. I would like to thank you all from myself for all your hard efforts in delivering a good job and level of service that the client is impressed with."*
