

Archer Electrical

CASE STUDY/RETAIL/ 056 NOV 2014

CLIENT: HILDITCH & KEY
 LOCATION: Mayfair
 DESCRIPTION: Full Electrical Installation
 DATE: November 2014

Our Electrical fit-out of this revamped store in Jermyn Street helped bring shirt maker Hilditch & Key into the 21st century, without losing sight of its heritage.

Jermyn Street in Mayfair is a coveted destination for London's best dressed gentlemen and has long been a hot spot for the sartorially discerning male celebrity where you are likely to catch a glimpse of David Beckham or Jude Law, among others.

The redesigned store successfully marks a new chapter in Hilditch & Key's history, mixing bespoke skills with a modern lifestyle shopping experience.

Archers were given the opportunity to showcase the wonderful array of fabrics, textiles and garments with a carefully designed and selected retail lighting scheme.

Testimonial:
What the client said:

"I have now worked with Archer's project manager Jon Mowberry on several projects and find him a pleasure to work with. Jon always shows a great deal of professionalism, diligence and enthusiasm in his undertaking of electrical works for our clients."

Karl Harvey-Smith
