Archer Electrical

CASE STUDY/RETAIL/ 070 OCT 2017

CLIENT:	VALENTINO
LOCATION:	Bicester Outlet Village
DESCRIPTION:	Full Electrical Installation
DATE:	October 2017

Bicester Village is located just an hour from London and the luxury shopping destination has undergone a massive expansion with more than 30 new outlets to add to its already 160 boutiques of world-famous brands.

It's no surprise that Archer Electrical are involved in the expansion at Bicester Village, having previously completed numerous electrical fit-outs within the Village including, Prada, Max Mara, Brioni, Diesel, Churches and now Valentino.

Established in Rome in 1962, the Valentino fashion house is one of the highest expressions of couture savoir faire and the excellence that has made Italian products famous worldwide

Testimonial:
What the client said:

"We had no hesitation in appointing Archer Electrical for the fit-out of Valentino Bicester, as they have successfully completed several projects for Reflex Interiors over a number of years. When it comes to undertaking high end projects such as Valentino Archers excel, they are reliable, conscientious and deliver to a very high standard."

Haydn Paul
Reflex Interiors
